1. Claims 1-55 are allowed. Claims 1, 18 and 38 are independent.

2. The following is an examiner's statement of reasons for allowance:

Claims 2, 3, 7, 20, 36, 37, and 40 have been amended to overcome the objection set forth in the previous Office action mailed February 7, 2008.

Claims 1, 18 and 38 are allowable over the prior art of record. Claims 1, 18 and 38 each require capturing a first image of a document at a first position to which the document is fed by a document feeder, feeding the document a feeding length that is less than a total length of the document to a second position, and capturing a second image of the document that is at the second position, comparing the first image with the second image and calculating a slant value. These feature is not taught by the prior art of record.

The closest prior art reference Seto (US 5,124,810), applied in previous Office actions, teaches a similar method and apparatus of detecting slant or skew of a document being fed. However, Seto feeds the document a feeding length that is the length of the entire document. The claims had been amended to recite that the feeding length is less than the entire length of the document.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
